### **How do I get to the Fietser.be workshop?**

Our office is located near the city centre of Gent, within walking distance from the Vrijdagsmarkt and the Dampoort train station.

#### ***If you come by bike or velomobile:***

- A good reference point is the park named Baudelo (near St.-Jacobs church). Easily accessible along beautiful and safe routes e.g. the “Vlaanderen fietsroute” and/or the embankments of the Schelde or other canals.
- Otherwise you follow the directions for the station Gent-Dampoort and from there see section below “*If you come by train and/or on foot*”.

#### ***If you come by car or motorcycle:***

- When entering the city of Gent, follow directions Gent – Dampoort. From there see section below “*If you come by train and/or on foot*”.
- Note: in the Blekerijstraat you have to pay for parking but with some luck, you’ll find some free parking space in the MBC. (careful: it’s a small drive through -> not recommended for large van’s).

#### ***If you come by train and/or on foot:***

The easiest and quickest way is taking the train up to Gent Dampoort station and from there walk for about 7 min.

- start at the station Gent Dampoort
- cross the Dampoort roundabout
- take the Dampoortstraat, following city centre directions
- at the small square at your right (just before crossing the bridge), follow the street named “Ham” at your right-hand side
- take the second street to your left (Blekerijstraat)
- the MBC (Minneers Business Center) is at your right-hand side, in front of the theatre “De Kopergieterij”
- entering the MBC, you’ll find us first door on your left, office n° 0.01

Do not hesitate to visit us, but it’s always better to give a call beforehand.

Have a safe trip and see you there.
